I thought I heard mention of a remediation of their well. Maybe they did it... I'll ask them this week.

thanks

Rupert,

I am not aware that Cabot had ever re-developed the [Ex. 5 - Personal Privacy] water supply well.

Hope you had a good weekend.

Hi John,

I have been looking through the data and noticed a significant drop in the pH in August 2010 at the [Ex. 6 - Personal Privacy] well.

I believe you all mentioned some kind of rehabilitation or remediation of the [Ex. 6 - Personal Privacy] water supply well was conducted at some point. Was this the date?

thanks

Rich
